Advisory Business - Item 4

Crown Haven Wealth Management LLC (hereinafter "Crown Haven Wealth Management," "Crown Haven," or the "firm") is an investment adviser seeking registration with the Indiana Securities Division and with its principal place of business in Indiana. We are a limited liability company formed under the laws of the State of Indiana. Casey A. Marx is the sole owner and Managing Member of Crown Haven Wealth Management. Gordon S. Campbell is the Chief Compliance Officer of the firm. Currently, we offer the investment advisory services described in this section. Please refer to the description of each investment advisory service listed below for information on how we tailor our advisory services to your individual needs.

As used in this brochure, the words "we," "our," and "us" refer to our firm, and the words "you," "your," and "client" refer to you as either a client or prospective client of our firm.

Any material conflicts of interest between you and our firm, or our employees are disclosed in this Disclosure Brochure. If at any time, additional material conflicts of interest arise, we will provide you with written notification of the material conflicts of interest or an updated Disclosure Brochure.

Selection of Other Advisers

We may recommend that you use the services of, or specific programs offered through, an unaffiliated third-party investment adviser ("TPIA") to manage your entire, or a portion of your, investment portfolio. All TPIAs referred by our firm must either be registered as investment advisers or exempt from registration requirements in applicable jurisdictions. After gathering information about your financial situation and objectives, we may refer you to a specific TPIA or investment program. Factors that we take into consideration when making our referrals include, but are not limited to, the following: the TPIA's performance, strategies, methods of analysis, fees, expenses, and compliance capabilities, as well as your financial needs, investment goals, risk tolerance, and investment objectives. We will periodically monitor the TPIA's performance to ensure its management and investment style remains aligned with your investment goals and objectives.

We expect that in most circumstances, the TPIA will actively manage your portfolio and will assume discretionary investment authority over your account. We will not assume discretionary authority to hire and fire TPIAs and/or to reallocate your assets to other TPIAs/programs, but we may make recommendations to do so, where we deem such action to be appropriate.

You will be required to sign an agreement directly with the referred TPIA. You may terminate your advisory relationship with the TPIA according to the terms of your agreement with the TPIA. You should review each TPIA's disclosure brochure and advisory agreement for specific information on how you may terminate your advisory relationship with the TPIA and how you may receive a refund, if applicable. You should contact the TPIA directly for questions regarding your advisory agreement with the TPIA. In such arrangements and under normal circumstances, you would not be signing an agreement with Crown Haven.

Types of Investments

We typically do not recommend specific securities or one particular type of security over other types of securities. Generally, clients may not impose restrictions on investing in certain securities or types of securities in accounts

managed by a TPIA. Please consult with the recommended TPIA regarding their policies on imposing restrictions on investments in particular securities or certain types of securities.

Wrap Fee Programs

Crown Haven Wealth Management does not manage or sponsor any wrap fee programs. However, recommended TPIAs may offer wrapped and/or non-wrapped pricing options. Wrap pricing structures allow the client to pay an all-inclusive fee for management, brokerage, clearance, custody, and administrative services. Transaction costs may also be charged for the execution and clearance of advisory transactions directed by such TPIAs. A complete description of the programs and services provided, the amount of total fees, the payment structure, termination provisions, and other aspects of each program are detailed and disclosed in: i) the TPIA's Form ADV Part 2A; ii) the program wrap brochure (if applicable) or other applicable disclosure documents; iii) the disclosure documents of the portfolio manager(s) selected; or, iv) the TPIA's, the broker-dealer's, and/or the custodian's account opening documents. A copy of all relevant disclosure documents of the TPIA and of the individual portfolio manager(s) will be provided to anyone interested in these programs/managers.

Assets Under Management

As of the date of this brochure, we do not directly manage client assets. Therefore, there are no regulatory assets under management on a discretionary or non-discretionary basis to report under this heading.

Fees and Compensation - Item 5

Third Party Investment Adviser Fees

Crown Haven Wealth Management may refer potential clients to other various independent registered investment advisers. In such situations, Crown Haven will share in the fee paid by you, as the client, to the TPIA. The key compensation terms are disclosed in the TPIA's disclosure documents as well as in disclosures provided by Crown Haven (of which you will be required to acknowledge receipt). These fees may or may not be negotiable. Our compensation may differ depending upon our firm's individual agreement with each TPIA. Crown Haven Wealth Management or its Associated Persons may have an incentive to recommend one TPIA over another TPIA with whom it has less favorable compensation arrangements or other advisory programs offered by TPIAs with which it has no compensation arrangements. In order to address this conflict, our firm has adopted a code of ethics that obliges all associated persons to deal fairly with all clients, to uphold their fiduciary duty, and to put the client's interest first. Clients are not required to use the services of any TPIA we recommend. The total fees charged by the TPIA, including the portion shared with our firm, will not exceed 3% of assets under management per year.

Crown Haven Wealth Management does not bill clients directly and does not deduct advisory fees from client accounts. All fees are deducted by the TPIA managing the account and a portion of that fee is paid to our firm.

Neither our firm nor persons associated with our firm accept compensation for the sale of securities, including asset-based sales charges or service fees from the sale of mutual funds. However, if you purchase certain insurance products through our firm or licensed persons associated with our firm, we will receive commission-based compensation as disclosed throughout this disclosure brochure.

Additional Fees and Expenses

As part of the advisory services provided through TPIAs, you may be invested in, or solicited to invest in, mutual funds and exchange traded funds. The management fees that you pay to the TPIA (including the portion paid to our firm) are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (as described in each fund's prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian through which your account transactions are executed. We do not share in any portion of the brokerage fees/transaction charges imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange traded funds, TPIAs, and others.

Compensation for the Sale of Insurance Products

Individuals associated with Crown Haven Wealth Management, including Mr. Marx and Mr. Campbell, are licensed, independent insurance agents/producers. Crown Haven Wealth Management is affiliated through common control and ownership with Crown Haven LLC dba Crown Haven Wealth Advisors, an operating company for Mr. Marx's insurance activities. Our firm and licensed persons are eligible to earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions are separate and in addition to advisory services and fees.

Receipt of commission-based compensation presents a conflict of interest because our firm and persons providing investment advice on behalf of our firm who are licensed insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than recommendations made solely based on your needs. Clients are under no obligation contractually or otherwise, to purchase insurance products through any person or entity affiliated with our firm.

Performance-Based Fees and Side-By-Side Management - Item 6

Performance based fees are based on a share of capital gains on or capital appreciation of the client's assets. Crown Haven Wealth Management does not accept performance-based fees.

Types of Clients - Item 7

We generally offer investment advisory services to individuals. Accounts managed by TPIAs may be subject to minimum investment requirements. We will only recommend TPIAs and/or programs for which you meet any minimum requirements. Please review the applicable disclosure brochures and client agreements of the recommended TPIAs for information on any minimum requirements they may require.

Methods of Analysis, Investment Strategies and Risk of Loss - Item 8

Our firm will refer clients to TPIAs that provide advice to clients in accordance with the relevant programs provided by the TPIA. We will assist you in selecting TPIAs whose investment programs and strategies we have reviewed and determined to be appropriate for you based on your individual circumstances and investment goals. We will not recommend particular securities or directly manage your assets. Clients should refer to the disclosure documents provided by the TPA for more information about these firm's methods of analysis, investment strategies, and risks associated with investments.

Investing in securities involves risk of loss that clients should be prepared to bear. Clients should fully understand the nature of the contractual relationship(s) into which they are entering and the extent of their exposure to risk. Certain investing strategies may not be suitable for many Managing Members of the public. You should carefully consider whether the strategies employed would be appropriate for you in light of your experience, objectives, financial resources, and other relevant circumstances.

General Investment Risk: All investments come with the risk of loss. Investing may involve substantial risks, including complete possible loss of principal plus other losses and may not be suitable for many Managing Members of the public. Investments, unlike savings and checking accounts at a bank, are not insured by the government to protect against market losses. Different market instruments carry different types and degrees of risk and you should familiarize yourself with the risks involved in the particular market instruments in which you intend to invest.

Loss of Value: There can be no assurance that a specific investment will achieve its investment objectives and past performance should not be seen as a guide to future returns. The value of investments and the income derived may fall as well as rise and investors may not recoup the original amount invested. Investments may also be affected by any changes in exchange control regulation, tax laws, withholding taxes, international, political, and economic developments, and government, economic or monetary policies.

Disciplinary Information - Item 9

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of us or of the integrity of our management.

Neither Crown Haven Wealth Management nor its management persons have been involved in any legal or disciplinary events reportable under this item. Information regarding Crown Haven Wealth Management's history can be found online at www.adviserinfo.sec.gov. The firm's CRD number is 306691.

Other Financial Industry Activities or Affiliations - Item 10

Neither Crown Haven Wealth Management nor its advisory affiliates are registered as, or has pending applications to register as, a broker/dealer, Futures Commission Merchant, Commodity Pool Operator, or Commodity Trading Advisor or is currently an associated person of any the foregoing types of entities.

Registrations with Other Investment Advisers

Neither our firm nor persons associated with our firm serve as an officer, owner, or director of any recommended TPIA. However, Gordon S. Campbell, Chief Compliance Officer of Crown Haven Wealth Management, is dually registered as an investment adviser representative of Aegis Wealth Management, Inc. (“Aegis”), an SEC registered investment adviser. Crown Haven Wealth Management will share in advisory fees paid to Aegis for advisory services provided through Aegis and/or Mr. Campbell in his capacities as an investment adviser representative of Aegis. This presents a conflict of interest because Mr. Campbell may have an incentive to recommend the services of Aegis over the services of another TPIA with which he has no affiliation and/or no or less favorable compensation arrangements. However, you are under no obligation, contractually or otherwise, to utilize the advisory services of Aegis or any other recommended TPIA, or through Mr. Campbell or any person or entity affiliated with our firm.

Recommendation of Other Advisers

Where you engage a TPIA that we recommend, we will receive compensation from the TPIA for recommending that you use their services. These compensation arrangements present a conflict of interest because we have a financial incentive to recommend the services of a particular TPIA over another TPIA with which we have more favorable compensation arrangements or other professional relationships. Comparable services may be available for lower or higher fees through other service providers with which we have no compensation arrangements or other professional relationships. In order to address this conflict, our firm has adopted a code of ethics that obliges all associated persons to deal fairly with all clients, to uphold their fiduciary duty, and to put the client's interest first. Clients are not required to use the services of any TPIA we recommend.

Insurance Activities

Please refer to Item 5 above for information about compensation received by licensed individuals associated with Crown Haven Wealth Management for the sale of insurance products.

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading - Item 11

Description of Our Code of Ethics

Crown Haven Wealth Management has adopted a Code of Ethics (the “Code”) to address investment advisory conduct. The Code focuses primarily on fiduciary duty, personal securities transactions, insider trading, gifts, and conflicts of interest. The Code includes the firm’s policies and procedures developed to protect client’s interests in relation to the following topics:

- The duty at all times to place the interests of clients first;
- The requirement that all personal securities transactions be conducted in such a manner as to be consistent with the code of ethics.
- The responsibility to avoid any actual or potential conflict of interest or misuse of an employee’s position of trust and responsibility;
- The fiduciary principle that information concerning the identity of security holdings and financial circumstances of clients is confidential; and
- The principle that independence in the investment decision-making process is paramount.

A copy of the firm's Code of Ethics is available upon request at (317) 564-4691 or operations@crownhaven.com.

Participation or Interest in Client Transactions

We endeavor to uphold our fiduciary responsibilities to our clients at all times. Neither Crown Haven Wealth Management nor any related person of our firm buys, sells, or recommends specific securities for clients' investment accounts in which our firm or any related person of our firm has a material financial interest.

However, at times, Crown Haven Wealth Management and/or related persons of our firm may recommend, hold, or take positions in the same securities as clients. Although they would not necessarily be aware of timing of trades being considered by the TPIA prior to the transaction, this could be considered a conflict of interest with clients. Where Crown Haven Wealth Management and any related persons of our firm are aware that the TPIA is considering specific transactions for clients' accounts on a specific trading day where there is a potential material conflict, they will make every effort to be "last in" and "last out" for the trading day when trading occurs in close proximity to client trades for which they are aware.

Brokerage Practices - Item 12

Brokerage Practices

Due to the nature of our business, we do not manage client assets directly; rather, client assets are managed by a TPIA recommended by our firm or independently selected by the client. Clients who have implemented investments through a recommended TPIA may be encouraged or required to use the broker-dealers and/or custodians recommended or selected by the TPIA. You should review each recommended TPIA's disclosure brochure for specific information on their brokerage practices.

Research and Other Soft Dollar Benefits

We do not receive any research or other soft dollar benefits from broker-dealers in connection with client securities transactions.

Brokerage for Client Referrals

We do not receive client referrals from broker-dealers and custodians and we do not receive other benefits from a broker-dealer in exchange for client referrals.

Directed Brokerage

Crown Haven Wealth Management does not directly manage client assets; therefore, it does not direct client brokerage.

Trade Aggregation/Block Trading

Crown Haven Wealth Management does not place any trades or block trades (i.e., aggregate trades for multiple client accounts for an average share price). However, TPIAs may or may not aggregate trades for client accounts.

Review of Accounts - Item 13

Account Reviews

Mr. Campbell, Chief Compliance Officer, will review client accounts on a periodic basis and review periodic reports provided to the client by TPIAs and/or account custodians. Under normal circumstances, he will contact the client at least annually, or more often as agreed upon with each client, to review the client's financial situation and objectives, communicate information to the TPIA managing the account as necessary, and to assist the client in understanding and evaluating the services provided by the TPIA. Clients will be expected to notify our firm of any changes in their financial situation, investment objectives, or account restrictions. Additional reviews may be provided upon client request or when client circumstances change.

We will not execute, effect, or arrange, in any way, any transactions or changes in asset allocation on your behalf. But, in addition to the statements clients will receive directly from their account custodian(s) at least quarterly, we will provide quarterly reports related to the account holdings, market values, and performance. Information regarding account reviews and additional reporting provided by TPIAs managing client accounts is disclosed in the separate disclosure documents maintained and provided by relevant TPIAs.

If you have questions about your account statements from the account custodian, you should contact the TPIA and/or the custodian preparing the statement.

Client Referrals and Other Compensation - Item 14

Our firm does not compensate, directly or indirectly, any person or entity for client referrals. We do, however, share in a portion of the advisory fees paid to TPIAs to which we refer clients for the management of their accounts. This compensation arrangement presents a conflict of interest due to a financial incentive to recommend the services of the TPIA. However, you are not obligated to use the services of any TPIA we recommend.

Custody - Item 15

We do not directly debit fees from your accounts and do not otherwise exercise custody over your funds or securities.

Investment Discretion - Item 16

We do not have investment discretion over your funds or securities. Where client assets are managed by third parties, such third parties may have discretion pursuant to the management agreement signed with the client.

Voting Client Securities - Item 17

Proxy Voting

Crown Haven Wealth Management will not vote proxies on behalf of clients' accounts managed by third parties. We will not offer clients advice regarding corporate actions and the exercise of proxy voting rights and/or materials. Refer to the disclosure brochure of recommended TPIAs for information on their proxy voting policies.

Financial Information - Item 18

Crown Haven Wealth Management is required in this Item to provide you with certain financial information or disclosures about its financial condition. Crown Haven Wealth Management does not require the prepayment of over \$500 per client, six or more months in advance. Additionally, we have no financial condition or commitment that impairs our ability to meet contractual and fiduciary commitments to clients, and neither our firm nor any of our management persons or individuals providing investment advice been the subject of a bankruptcy proceeding.

Mr. Campbell is also licensed as an insurance agent/producer. In this capacity, he can affect transactions in insurance products for advisory and non-advisory clients and earn commissions for these activities. The advisory fees you pay our firm for advisory services are separate and distinct from the commissions earned by Mr. Campbell for insurance related activities. This presents a conflict of interest because Mr. Campbell may have an incentive to recommend insurance products to you for the purpose of generating commissions rather than making such recommendations based solely on your needs. Mr. Campbell spends approximately 20% of his professional time on insurance related sales and services.

Crown Haven Wealth Management will share in advisory fees paid to Aegis for advisory services provided through Aegis and/or Mr. Campbell in his capacities as an investment adviser representative of Aegis. This presents a conflict of interest because Mr. Campbell may have an incentive

to recommend the services of Aegis over the services of another TPIA with which he has no affiliation and/or no or less favorable compensation arrangements. However, you are under no obligation, contractually or otherwise, to utilize the advisory services of Aegis or any other recommended TPIA, or through Mr. Campbell or any person or entity affiliated with our firm. Mr. Campbell spends approximately 20% of his professional time on investment advisory services offered through Aegis.

Mr. Kesling is also licensed as an insurance agent/producer. In this capacity, he can affect transactions in insurance products for advisory and non-advisory clients and earn commissions for these activities. The advisory fees you pay our firm for advisory services are separate and distinct from the commissions earned by Mr. Kesling for insurance related activities. This presents a conflict of interest because Mr. Kesling may have an incentive to recommend insurance products to you for the purpose of generating commissions rather than making such recommendations based solely on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through Mr. Kesling or any person or entity affiliated with our firm. Mr. Kesling spends approximately 35% of his professional time on insurance related sales and services.

Mr. Kesling is also dually registered as an investment adviser representative of Aegis Wealth Management, Inc. ("Aegis"), an SEC registered investment adviser. Crown Haven Wealth Management will share in advisory fees paid to Aegis for advisory services provided through Aegis and/or Mr. Kesling in his capacities as an investment adviser representative of Aegis. This presents a conflict of interest because Mr. Kesling may have an incentive to recommend the services of Aegis over the services of another TPIA with which he has no affiliation and/or no or less favorable compensation arrangements. However, you are under no obligation, contractually or otherwise, to utilize the advisory services of Aegis or any other recommended TPIA, or through Mr. Kesling or any person or entity affiliated with our firm. Mr. Kesling spends approximately 10% of his professional time on investment advisory services offered through Aegis.

Additional Compensation – Item 5

Apart from sharing in advisory fees paid by clients to third party investment advisers (TPIAs) and the other business activities described above in Item 4 of this brochure supplement, Mr. Kesling does not receive additional compensation or economic benefits from anyone who is not a client in connection with providing investment advisory services.

Item 1 – Introduction: Is an investment advisory account right for you?

Aegis Wealth Management Inc. is registered with the Securities and Exchange Commission as an investment adviser. Please be aware that brokerage and investment advisory services and fees differ and that it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at <https://www.investor.gov/CRS>, which also provides educational materials about broker-dealers, investment advisers, and investing.

Item 2 – What investment services and advice can you provide me?

We offer investment advisory services to retail investors. Our principal services include Financial planning, Portfolio management and the Selection of other advisers. As part of our standard portfolio management service we provide continuous and regular supervisory and/or management services with respect to your account(s). We do not monitor the investments made as a result of a financial plan unless you have hired us for portfolio management services. Our portfolio management services are offered on a *discretionary* basis with the assistance of a subadviser and/or a third party adviser. *Discretionary* authorization allows us to determine the specific securities, and the amount of securities, to be purchased or sold for your account without your approval prior to each transaction. We do not limit our advice to proprietary products, or a limited menu of products or types of investments. In general, we require a minimum of \$25,000 to open and maintain an advisory account. At our discretion, we reserve the right to waive this account minimum.

For additional information, please refer to Items 4, 7, & 13 of our Form ADV Part 2A at the following link:
<https://adviserinfo.sec.gov/firm/brochure/301990>.

Conversation Starters. Ask your financial professional—

- ❖ *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- ❖ *How will you choose investments to recommend to me?*
- ❖ *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Item 3 – What fees will I pay?

We are primarily compensated by a percentage of assets under our management, hourly charges and fixed fees. Our fees vary depending on the services you receive. Portfolio management fees are based upon a percentage of your assets under our management, and are payable each month in arrears. The more assets there are in your advisory account, the more you will pay in fees. Therefore, we have an incentive to encourage you to increase the assets in your account. When we use the services of a subadviser and/or a third party adviser, we give a portion of our fee to the subadviser and/or a third party adviser. We provide financial planning services for an hourly or fixed fee. Our fees are negotiable depending upon the complexity and scope of the service, your financial situation, and your objectives.

For additional information regarding our fees, please see Item 5 of our Form ADV Part 2A at the following link:
<https://adviserinfo.sec.gov/firm/brochure/301990>.

Description of Other Fees and Costs: The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by investment companies (i.e., mutual funds, exchange traded funds, unit investment trusts and variable annuities). These fees are described in each fund’s prospectus. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian that executes the trade. The broker-dealer or custodian may also charge your account for custodial fees, retirement account fees, trust fees, exchange fees, redemption fees that may be assessed on investment company shares, transfer fees, account termination fees or other special service fees and charges. We do not share in any portion of these fees imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by investment companies, broker-dealers, our firm, and others.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For additional information, please refer to Item 5 of Form ADV Part 2A at the following link:
<https://adviserinfo.sec.gov/firm/brochure/301990>

Conversation Starter. Ask your financial professional—

- ❖ *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

When we provide investment advice to you regarding your retirement plan account or individual retirement account, we are fiduciaries within the meaning of Title I of the Employee Retirement Income Security Act and/or the Internal Revenue Code, as applicable, which are laws governing retirement accounts.

All investment advisers face conflicts of interest which are inherent in the business. Our primary source of compensation is through asset based fees. Therefore, we are incentivized to acquire new clients and to increase assets under management. Other conflicts of interest result from other business activities we engage in and relationships we have with business partners and third parties, or affiliations we have established with other financial institutions.

Conversation Starter. Ask your financial professional—

- ❖ *How might your conflicts of interest affect me, and how will you address them?*

Please refer to our Form ADV Part 2A for further information on our conflicts of interest and how we address them at the following link: <https://adviserinfo.sec.gov/firm/brochure/301990>

How do your financial professionals make money?

Our financial professionals receive a percentage of advisory billings and/or bonuses based on the amount of client assets they bring to our firm. Therefore, our financial professionals have an incentive to encourage you to increase the assets in your account. Our financial professionals are insurance agents and registered representatives with various insurance companies and broker dealers. This creates a conflict of interest because these persons will receive additional commission-based compensation in connection with the purchase and sale of insurance and securities, including 12b-1 fees for the sale of certain investment company products. You are not required to purchase insurance or securities from our financial professionals.

Item 4 – Do you or your financial professionals have legal or disciplinary history?

Yes, some of our financial professionals have reportable legal and/or disciplinary events.

- ❖ *As a financial professional, do you have any disciplinary history? For what type of conduct?*
